About Travis Manion Foundation

[Travis Manion Foundation](#) (TMF) unites communities to strengthen America's national character by empowering veterans and families of fallen heroes to develop and lead future generations. In 2007, 1stLt Travis Manion, USMC, was killed in Iraq while saving his wounded teammates. Today, Travis' legacy lives on in the words he spoke before leaving for his final deployment, "If Not Me, Then Who..." Guided by this mantra, veterans continue their service, develop strong relationships with their communities, and thrive in their post-military lives by serving as character role models to youth. As a result, communities prosper and the character of our nation's heroes lives on in the next generation.
